Well, I took your advice, XXXX, and looked all through ANASTASIA HAS THE ANSWERS. And I didn't find a single thing in it that could be described as "bad."p It does use the word "sex" when Anastasia tries to convince her English teacher to use the book "Gone With the Wind" in class, and he says he thinks it is inappropriate.

p

But surely that isn't what you meant.

p

And it uses the word "sexy" when Anastasia's friend paints her toenails and announces that she thinks they look sexy. Surely that isn't what you meant.

ppp So I have to disagree with you, I'm afraid.p I don't think there is a single bad thing in the book and I am happy to have my own grandchildren read it.

On Mon, Dec 21, 2009 at 3:00 PM, Lois Lowry wrote:

XXXX, it talks about a girl worrying because she sort of has a crush on her female gym teacher. You're right, that such things happen in real life. In the book, the girl talks to her mother about it and is reassured that she is perfectly normal. I think it is valuable for kids—readers—to know

that: a) one can talk about such things with Mom and b) that such feelings are normal.

Sometimes a book is a very comfortable way to think about such things.p Sometimes it is good to read a book with your mom and talk about it.

With love,

Lois Lowry
